Modification #1

Florida Department of Transportation, District 4

Attn: Ms. Georgi Celusnek  
3400 West Commercial Boulevard  
Fort Lauderdale, FL 33309-3421

Dear Ms. Celusnek:

The U.S. Army Corps of Engineers has completed the review and evaluation of your modification request received on September 4, 2007, in which you asked to extend the expiration date authorized by Department of the Army permit number SAJ-2001-6781. The permit was issued to the Florida Department of Transportation on September 12, 2002 and authorized the placement of 52,449 cubic yards of fill in 1.83 acres of Waters of the United States to replace three bridges over the C-51 Canal, construct a new box culvert at Westgate Canal, and install eight new outfall structures in the C-51 Canal. The project is located along Southern Boulevard between Haverhill Road and Congress Avenue in Sections 1 and 2, Township 44 South, Range 43 East, West Palm Beach, Palm Beach County, Florida.

The proposed modification is to extend the expiration date for 1 year from the date of the original expiration date to complete your proposed project. The original authorization expires on September 12, 2007. The project is currently under construction; however, the work is not expected to be completed until January 2008. This authorization is hereby extended until September 12, 2008.

The impact of your proposal on navigation and the environment have been reviewed and found to be insignificant. The permit is hereby modified in accordance with your request. You should attach this letter to the permit. All other conditions of the permit remain in full force and effect.

If you have any questions regarding this document, please contact Alisa Zarbo at the letterhead address, by telephone at 772-219-8418, or by email at Alisa.A.Zarbo@usace.army.mil.

Thank you for your cooperation with our permit program. The Corps Jacksonville District Regulatory Division is committed to improving service to our customers.
